

# J&M - Your Manufacturing Solution

J&M is a highly competent manufacturer that can create reliable, cost effective solutions to complement your outsourcing strategy. J&M Products recognizes the unique challenges customers face when outsourcing Wire Harness, Sub Assemblies and Box Builds.

With over 60 years of manufacturing experience, we are able to assist companies in addressing manufacturing challenges. Our engineers work directly from your product documentation, or sample, to determine manufacturability, operating as an extension of your business operations. Experience the J & M Products difference; high level customer service, custom manufacturing, and most importantly, customer satisfaction.

## J&M can address your concerns:

- Documentation doesn't reflect the current state of the manufactured product.
- Resources are too limited to update specifications accordingly.
- What to do with residual inventory?
- How to convey to J&M what the requirements are?

## Products & Services

- Custom Harnesses
- Clamp Solutions
  - Standards, AS, MS, NAS, etc
  - Custom Clamps and Brackets
- Machined 5-axis Parts
- Box Builds
- Sheet Metal Parts
- Turnkey Solutions
- Quick Turn Around Time
- Made in USA

## Certifications & Awards

- AS9100 / ISO9001
- NADCAP Certified
- Boeing BQMS / Silver Supplier
- Lockheed Star Supplier
- PACCAR Certified/ Preferred 10PPM Supplier
- Rolls Royce Certified
- FAA PMA
- NIST SP 800-171
- CAGE CODE 22175
- ITAR Registered
- JCP Certified

## Line Support Clamps & Brackets

- Selected by major aerospace, transportation and industrial equipment manufacturers
- Offering a wide range of standard AN, MS, NAS, and custom clamps and brackets
- For use in extreme environments from -320F to +1300F, -195C to 704C
- All types of metals available
- Wide range of cushion solutions, Silicone, EPDM, Fluorosilicone, Chloroprene, Nitrile, PTFE, and Fiberglass reinforced options
- In-house custom tooling

## Wire Harness Manufacturing

- State-of-the-art manufacturing facility
- IPC/WHMA-A-620
- In-house tooling
- Highly customizable
- Minimal lead-times
- Some applications include Class 8 trucks, aircraft systems, marine, medical, vehicle accessories
- Prototyping and short runs available

## Contract Manufacturing

One-stop shop for your product manufacturing and assembly needs, including:

- Machined and Sheet Metal Parts
- Turnkey Box Builds
- Short run Build-to-Print

Equipment List Includes:

- Stamping and Forming Presses
- Sheet Metal Brake and Shear
- Complete in-house inspection including CMM
- 4 & 5 Axis Mills
- EDMs
